Abstract of Proposed Collection

The Mandela Washington Fellowship for Young African Leaders, begun in 2014, is the flagship program of the Young African Leaders Initiative (YALI) that empowers young people through academic coursework, leadership training, and networking. The Fellows, who are between the ages of 25 and 35, have established records of accomplishment in promoting innovation and positive impact in their organizations, institutions, communities, and countries. This program is funded pursuant to the Mutual Educational and Cultural Exchanges Act of 1961 (22 U.S.C. 2451-2464).

To evaluate the impacts of the program, the U.S. Department of State's Bureau of Educational and Cultural Affairs (ECA) intends to conduct an evaluation of the program which cover Alumni from the 2014 through the 2018 cohorts, Academic and Leadership

Institute staff and representatives, Professional Development Experience representatives, Reciprocal Exchange participants, and other U.S. Community Members. This timeframe covers the first five-year grant period of the Mandela Washington Fellowship, which was implemented by IREX. As the Mandela Washington Fellowship has been implemented for five years, ECA is conducting this evaluation to determine the extent to which the program is achieving its long-term goals. In order to do so, ECA has contracted Guidehouse LLP to conduct surveys, interviews, and focus groups with Fellowship Alumni and relevant stakeholders they engaged with during their time in the U.S.

Methodology

To create an understanding of how the Mandela Washington Fellowship impacts individual stakeholder groups who engage in the program, the evaluation team will segment data collection by identifying the impact of the Fellowship program on Alumni, U.S. participants, home communities in Africa and the United States, and overall progress towards U.S. foreign policy objectives. The evaluation team will also review areas for improvement and/or change within the program's operations based on respondent feedback.

The evaluation will use a mixed methods approach to data collection, utilizing qualitative and quantitative techniques, including: online surveys, stakeholder interviews (remote and in-person), focus group discussions (in-person), and Fellowship Experience Maps of a small sample of Fellowship Alumni and one U.S. representative. The Fellowship Experience Maps are detailed case studies of select Fellows' and Reciprocal Exchange Awardees' experiences during the Fellowship. Data analysis will then be

undertaken to illustrate impact and lessons learned, and to draw linkages between program track and outcomes.

Nini Forino,

Acting Deputy Assistant Secretary for Policy, Bureau of Educational and Cultural Affairs.
